

HAVE YOU HEARD THE BUZZ AT COURTYARD MANOR OF WIXOM?

Courtyard Manor is an 80 bed facility in a country setting just steps away from the heart of quaint down town Wixom. We are available for tours at any time and offer pre-placement visits to develop a rapport with consumers.

We have proven success in decreased psychiatric hospitalization rates due to early intervention.

Our unique program permits us to accommodate consumers ages 35 and up. We are able to care for difficult to place consumers such as those with a history of aggression and NGRI consumers under an ALS contract. Our secure setting enables us to ensure the most challenging elopement risks are safe and our Polydipsic program allows for successful management of Polydipsic consumers. The incredible nursing team at Courtyard Manor makes it possible to meet the needs of those medically frail consumers as well.

Here are just a few of the many services offered by our program:

- ~ Psychosocial rehabilitation program
- ~ On site medical, psychiatric and clinical services.
- ~ Structured daily programming including activity therapy, exercise, anger management and interpersonal skills training that all tie into our highly effective Reward Program.
- ~ Staff assisted community outings.
- ~ Behavior plans with a high rate of success.
- ~ Community re-entry program to prepare consumers for a less restrictive environment.
